

# THE CAPABILITY, TECHNOLOGY AND RESPONSIBILITY TO **BUILD A BETTER FUTURE**

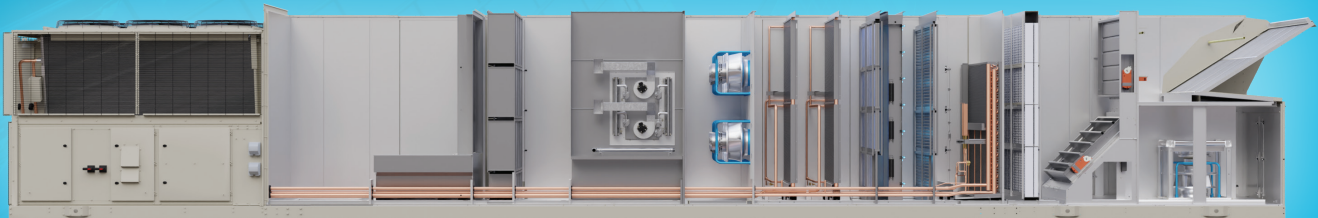

Decarbonization doesn't just happen. It's a process that's powered by invention, and a willingness to rethink and reengineer how buildings are heated, cooled and ventilated. That's where Daikin comes in.

We're building on a century of experience and a commitment to sustainability to help our customers reach their energy-, cost- and carbon-reduction goals. And we're doing it with a suite of unparalleled technologies: ultra-efficient compressors, low-GWP refrigerants and high-output heat pumps.

Here's how we're bringing sustainable HVAC to life:

## DAIKIN **REBEL APPLIED®** AIR SOURCE HEAT PUMP

Rebel Applied ASHP features a dedicated compressor with low-GWP R-32 refrigerant that delivers up to 75% of heating capacity at 0°F, ensuring more reliable performance in cold climates. The packaged rooftop system is also built to minimize electrical infrastructure changes, and reduce both installation time and costs.

## DAIKIN **MAGNITUDE®** WME-D AIR-COOLED CHILLER

The Magnitude WME-D chiller uses advanced magnetic bearing technology, which eliminates the need for oil and bearing changes. In addition, it offers the smallest footprint in the industry compared to similar chillers using R-515B refrigerant, all while delivering up to 40% greater efficiency compared to standard oiled centrifugals.

LEARN HOW DAIKIN CAN HELP POWER YOUR PROGRESS BY VISITING US AT THE 2024 SMACNA CONVENTION OCT. 27-30, BOOTH# 200 OR [DAIKINAPPLIED.COM](http://DAIKINAPPLIED.COM)

### CONTROLS & ELECTRICAL

**Electrical:** Capacitors, Contactors, Fuses, Line Reactors, Circuit Breakers, Phase Voltage Monitors, Relays, Sensors & Switches

**Controls:** Actuators, Thermostats & Variable Frequency Drivers

### COMPRESSORS & REFRIGERATION COMPONENTS

**Refrigeration:** Filter Driers & Cores, Line Sets, Recovery Units, Refrigerants, Sight Glasses, Strainers, Test Kits & Valves

**Compressors:** Hermetic, Rotary, Scroll & Semi Hermetic

### MOTORS & ACCESSORIES

**Motors:** Condenser Fan, Double Shaft, ECM, Factory-installed SGR, Fractional, Integral & Premium Efficient

**Accessories:** Bearing Protection, Rings, Bearings, Blower Wheels, Bushings, Sheaves & Belts

### MAINTENANCE & REPAIR

Adhesives, Cleaners, Gaskets, Hoses, Oil/Lubricants, Cutting, Diagnostic Hand Tools, Measuring & Hand Tools

### AIR QUALITY & FANS, RENTAL CHILLERS

**Quality:** Air Filters, Air Purifiers, & Accessories **Fans:** Blower Wheels: Metal/Plastic, & Propellers **Rental**

**Chillers:** Chillers, Dehumidifiers, Heat & Power

### VIBRATION MOUNTS & SUPPORT SYSTEMS

Mounts, Pads, Springs, & Support Systems

# AFTERMARKET AND PARTS SOLUTIONS

Whether installing, maintaining, or servicing an HVAC systems, Daikin Applied, offers a complete line of quality parts and supplies to keep your system operating reliably and at peak efficiency.

THE PARTS YOU NEED,  
WHEN YOU NEED THEM
