

**Disclosure for NY DEC Part 494**

All motor-bearing refrigeration equipment and foam may only be used in the State of New York with substances that are in compliance with New York State regulations.

Per the New York Department of Environmental Conservation Regulation Part 494, the following Daikin Applied Americas Inc. products contain the following virgin (non-reclaim) regulated substances, manufactured at the same year as is provided per label and invoice.

I certify under penalty of law that the statements and information submitted in this document are to the best of my knowledge and belief true, accurate, and complete and I acknowledge the regulatory requirements of 6 NYCRR Part 494.
